

Energy & Infrastructure

Renewable Energy

Taylor Wessing’s Renewable Energy Practice is part of the international Energy & Infrastructure industry group that counts more than 50 experts in 16 locations. We have been active in the field of corporate/M&A and financing of renewables for over 15 years which has given us extensive legal and commercial expertise as well as market knowledge.

Our clients include funds and corporate venture investors, project developers, plant manufacturers, and banks and we provide full service on the development, operation, acquisition, disposal, and financing of renewable energy assets.
